

Wire Catch

6-060

Advantages

- Wire catches can be fitted onto pre-punched channels / profiles.
- Tool-less installation.
- Easy installation in a suitable square hole by turning 45°.
- The weight of the cables will automatically secure the catch.
- Improves handling of power, network and fiber optic cables in the cabinet.
- Seismic-proof according to GR-63-CORE, Issue 4.

Material

- **Wire catch:** PA, black

Remarks

Assembly: enter the wire catch in an angle of about 45° into the cutout and turn 45° clockwise. At this end position the special shape makes the wire catch fixed in the cutout.

(S) sheet-thickness 1.5 +/- 0.2 mm

Wire Catch

	Product number	Cutout	Installation type	Delivery Unit
