

North America Traffic Control Enclosure

MLU1004

Advantages

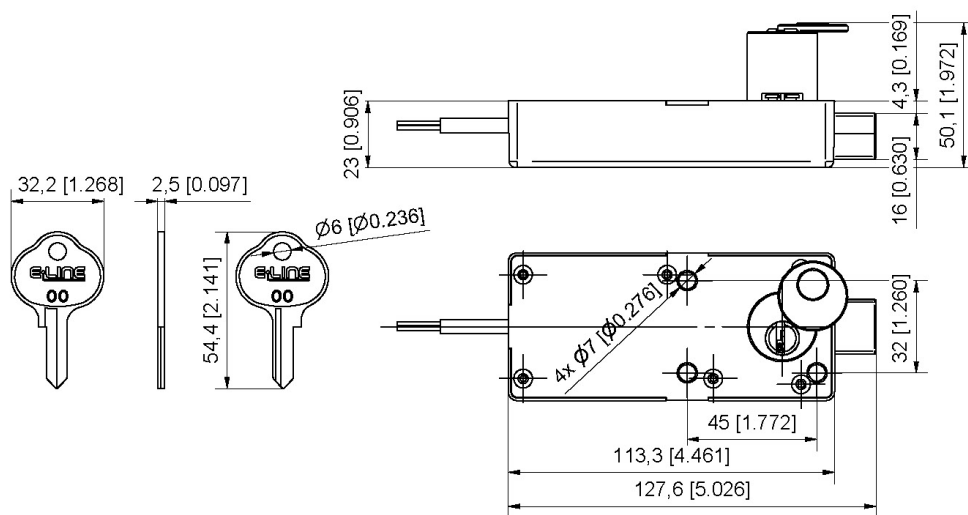

- Drop-in replacement for standard traffic control box.
- Comes with 2 ELINE "00" Keys.
- Swappable Key Barrel.
- Electronic unlocking by applying voltage.

Material

- **Traffic control box:** AISI 304 and ABS plastic

North America Traffic Control Enclosure

Product number	Voltage	Installation type	Delivery Unit
369-9999.00-05125	8-24V (DC)	screw-on	1 pc.

Function / Activation

Mechanical opening option via key barrel or electronic opening/release by applying voltage. Lock status (open/close) can be evaluated.

Open/Close Status

Lock status can be evaluated via integrated snap switch.

- Switching voltage: max 30V DC
- Transport current, switching current: max 0.5 A
- Sensor resistance: 50 mohm

Technical Data

- Power Supply (DC): 8-24V
- Control Line (DC): 8-24V
- Features: IP50 Rating according to DIN EN 60529; mechanical emergency opening via key override
- DC Motor
- ROHS, REACH

Wiring Designation

Color	Meaning
Red	8-24V DC
Black	Ground
Blue	Control
White	Status
